Hi Alicia: We reviewed the last submittal and there are items that have not been addressed. Please see below

- 1) KKeon comment is still on this document. Where you unable to remove it?
- 2) "Scoring Strategy" should be revised to "Scoring Sheet. The subject line now reads "Final Hazard Ranking System Preliminary Score" (Letter)? But should be "Final Hazard Ranking System Preliminary Score Sheet" (Letter).
- 3) Scoring "strategy" is also in the first paragraph. Use "scoresheets"

At this point the PA HRS Site Score is still be described as a "draft preliminary HRS Site Score" in the first paragraph, second sentence.

Ground Water Migration Pathway, first paragraph, second sentence, for clarification, we suggest adding the word monitoring to "existing wells."
